

ATC Saudi Co.

COMPANY PROFILE

+966 112 42 8550

www.atcsaudi.com

ABOUT US

- Established in 2005, headquarter in Riyadh
- Specialized in hydronic distribution systems including Control Valves, Pressurization Unit, Vacuum Degasser, air / Dirt separators, chilled water and Plumbing valves.

The company also provides solutions in the following:

- All types of PPR Pipes & Fittings, Pex Pipes, Acoustic (Drainage pipes) and HVAC pipes.
- Fire Stop materials and Fire Rated Wrap for Ducts.
- Mild steel, stainless steel, and aluminum electrical enclosures

Innovative Solutions for a Sustainable Future

OUR EXPERTISE

Advanced hydronic engineering solutions

Comprehensive HVAC system design and implementation

Expertise in energy-efficient and sustainable solutions

OUR VALUES

Commitment to quality and excellence

Integrity and ethical business practices

Innovation and continuous improvement

OUR ACHIEVEMENTS

Completed major industrial and commercial projects

Received industry awards and recognitions

Partnerships with leading global brands

OUR MISSION

At ATC Saudi, our mission is to deliver unparalleled HVAC and hydronics solutions that enhance comfort, efficiency, and sustainability.

We are dedicated to providing innovative products and services that meet the highest standards of quality and reliability, ensuring our clients achieve their goals with optimal performance and minimal environmental impact.

OUR VISION

Our vision is to be the leading provider of advanced HVAC and hydronics systems in the region, recognized for our commitment to excellence, innovation, and customer satisfaction.

We aspire to shape the future of the industry by continuously advancing our technologies and practices, fostering a culture of integrity and excellence, and contributing to a sustainable and energy-efficient world.

WHY CHOOSE US?

Discover why we are the trusted partner in the HVAC industry. Choose ATC Saudi for a partner dedicated to excellence, innovation, and your success.

Exceptional Quality and Standards

At ATC Saudi, we adhere to the highest American and European standards, ensuring our products are reliable, durable, and of superior quality.

Expertise and Experience

With over 20 years of experience in the industry, our team of experts delivers unparalleled knowledge and skill, ensuring your projects are executed flawlessly and efficiently.

Comprehensive Range of Products

Our extensive product portfolio includes advanced HVAC systems, hydronic solutions, and control devices, ensuring we can meet the diverse needs of any project.

Proven Track Record

Our extensive experience and proven track record in successfully completing major industrial and commercial projects make us a trusted partner in the HVAC industry.

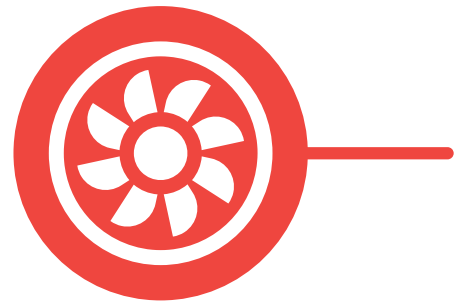

OUR COMPREHENSIVE SOLUTIONS

At ATC Saudi, we offer a wide range of advanced HVAC and hydronics products and services designed to meet the highest standards of quality and efficiency.

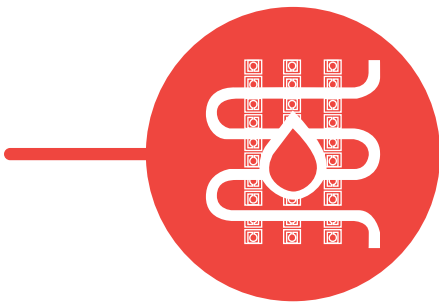

- **HVAC Systems**

Comprehensive HVAC solutions for residential, commercial, and industrial applications.

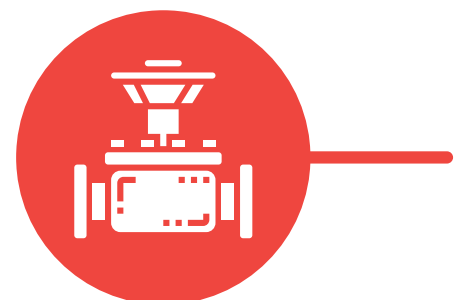

- **Hydronic Engineering**

Innovative hydronic systems and controls for optimal energy efficiency.

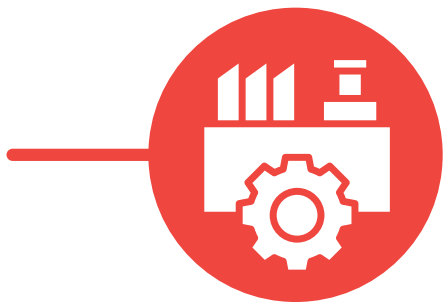

- **Chilled Water Valves/Plumbing Valves**

An integral component of any high-performing chilled water or plumbing system

- **Fire Protection Solutions**

Advanced passive fire protection and insulation services.

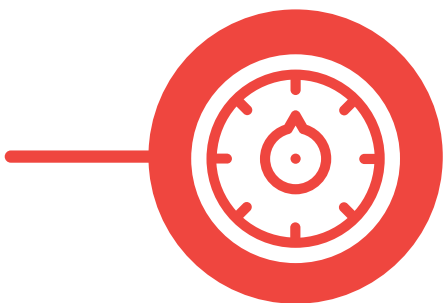

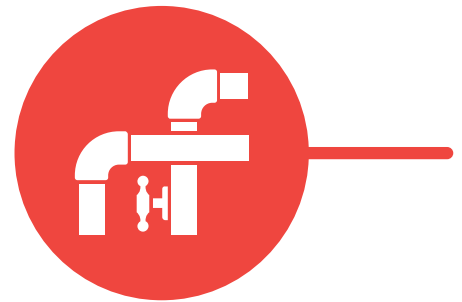

- **Industrial Enclosures**

Durable and reliable enclosures for critical industrial applications.

- **PP-R Pipes and Fittings**

Durable, efficient, and reliable piping solutions.

- **Water Meters & Thermostats**

Ensuring precision and control in your HVAC systems.

SCOPE OF SUPPLY

HYDRONIC ENGINEERING SOLUTIONS

IMI Hydronic Engineering specializes in providing advanced, energy-efficient hydronic systems.

We leverage our expertise to offer innovative solutions like the TA-Smart valve, enhancing indoor climate control for improved comfort and sustainability.

Our commitment to cutting-edge technology ensures high-quality products that meet the needs of residential, commercial, and industrial environments.

Official Distributor for Hydronic Engineering Solutions

Chilled Water Valves / Plumbing Valves
(Sweden, Poland, Germany, Switzerland, USA)

TA Smart Threaded

TA Smart Flanged

Digitally Configurable Actuator

Digitally Configurable Actuator Plus

Differential Pressure Control Hydronic Balancing

Pressure Independent Balancing Control Valve

Pressure Independent Balancing Control Valve

Motorized Butterfly Valve

Air/Dirt Separator

Precision Pressure Maintenance Device

CHILLED WATER VALVES / PLUMBING VALVES

Pegler, with over a century of expertise, offers high-quality plumbing fittings and valves known for their durability and efficiency.

Pegler's precision-engineered products meet the diverse needs of residential, commercial, and industrial sectors.

As a trusted partner, ATC Saudi provides these reliable Pegler solutions, ensuring excellence and innovation in every project.

Official Distributor for Chilled Water Valves / Plumbing Valves

Chilled Water Valves / Plumbing Valves
(UK)

Static Balancing Valve

Flanged

Pressure Reducing Valve

Float Valve

WATER METERS & THERMOSTATS

Siemens, a global leader in technological innovation, offers advanced water meters and thermostats that ensure precise measurement and efficient climate control.

Their smart water meters provide accurate billing and support sustainable water management, while their thermostats leverage advanced sensor technologies for optimal energy efficiency and user comfort.

As a trusted partner, ATC Saudi supplies these cutting-edge Siemens solutions, enhancing modern infrastructure with reliable, intelligent technologies.

Official Distributor for Water Meters & Thermostats

SIEMENS

Water Meters & Thermostats
(Germany)

Ultrasonic Flow Meter

Electromagnetic Flow Meter

Sitrans Flow Meter

Magenetic Flow Meter

Mag Flow Transmitter

Sitrans FM Mag

Flow Meter

SITRANS F M Series Transmitter

PP-R PIPES & FITTINGS

Q-Therm offers cutting-edge PPR pipes and fittings designed for optimal comfort, efficiency, and sustainability.

Renowned for quality, Q-Therm products include valves, precision-engineered fittings, and multi-layer fiber pipes, ensuring reliable and environmentally friendly solutions.

As a trusted partner, ATC Saudi provides these innovative and durable piping solutions for diverse applications, emphasizing safety and quick installation.

Official Distributor for PR-R Pipes & Fittings

HVAC SYSTEMS

ATC Saudi Company Ltd. leads the HVAC industry by addressing diverse client needs with precision.

We supply high-quality materials adhering to American and European standards, ensuring top-notch compliance and reliability.

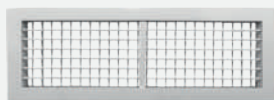

Our offerings seamlessly integrate global standards, providing tailored solutions that meet the stringent demands of the HVAC sector.

Product Categories:

- Air Devices
- Air Volume Flow Control Devices
- Air Distribution Systems
- Hardware & Accessories

Air Diffuser

Grillers

Registers

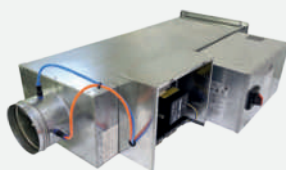

Louvers

Pre-insulated Duct

Motorized Control Dampers

VAVs

Grease Duct

CAVs

Manual Control Dampers

ELECTRICAL & INDUSTRIAL ENCLOSURES

nVent Hoffman, with over 90 years of expertise, offers high-quality mild steel and stainless-steel enclosures for various industrial applications.

Compliant with ISO 9001:2008, their products ensure reliable power distribution and control.

As a trusted partner, ATC Saudi provides these robust and customizable enclosure solutions to meet diverse industry needs.

Official Distributor for Electrical Enclosures

Electrical & Industrial Enclosures
(UK, Romania, Spain)
